P623 | SHERPA 27

Length Overall	26.90m
Beam	6.90m
Hull Draught	1.20m
Main Propulsion	3500 Bhp IBM JET
Max. Speed	20 knots
Fuel Capacity	10000 L
Range	Up to 500nm
Classification	Lloyds SSC

The Sherpa Range military landing craft is a high-performance vessel designed for robust and reliable transport of troops and tanks. It boasts a high load capacity, with the ability to carry both troops and tanks with ease. With its ballistic protection, you can be sure that your cargo will remain safe and secure. The vessel features both aft and forward landing gates, allowing for efficient loading and unloading. With speed capabilities of up to 20 knots, made possible by its inboard engines and JET propulsion, the Sherpa Range is an efficient and reliable choice for military transport. The modern design features a control station at the starboard side, as well as remote-operated guns, for maximum control and safety. Additionally, the Sherpa Range can accommodate up to 4 crew members, making it ideal for military operations. Constructed from marine grade aluminum, the Sherpa Range is a durable and reliable choice for military operations.
