The KND Naval Design REEF RUNNER PILOT Boats are specifically designed to meet the harsh sea conditions and ensure safe pilot transfers. Our pilot boats are designed to Lloyds SSC rules and constructed with Marine Grade aluminium to ensure durability and longevity. Our REEF RUNNER PILOT boats are equipped with all the essential features that a pilot boat should have, including:

Excellent maneuverability: Our REEF RUNNER PILOT boats are designed to have excellent maneuverability to ensure safe and efficient pilot transfers even in the most challenging conditions.

Stability: Our boats are built with a deep-V hull design that ensures stability and a smooth ride for the crew and the pilots.

Comfortable and safe crew transfer: Our REEF RUNNER PILOT boats have a spacious cabin and comfortable seats to ensure a safe and comfortable transfer for the crew and the pilots.

Reliability and durability: Our REEF RUNNER PILOT boats are designed and constructed to the highest standards to ensure reliability and durability even in the harshest sea conditions.
