The Seaviper 21 patrol boat is a high-performance patrol vessel with unsurpassed stability and manoeuvrability. It was designed to meet the toughest conditions and can be used on rivers, lakes, and coastal waters. With its lightweight aluminium construction, the patrol boat can reach speeds up to 40 knots while offering excellent fuel efficiency. The patrol boat has an impressive range of features including a spacious cabin with comfortable seating for up to eight passengers, two independent engines and reinforced hull construction for maximum durability. It also boasts a state-of-the-art navigation system and advanced communications equipment, making it the ideal patrol vessel for security, navy, military, and coast guard operations. For patrol operators looking for the highest performance and reliability, the Seaviper 21 patrol boat is an excellent choice. With its robust construction and advanced features, it provides exceptional patrol capabilities in any environment. It offers a perfect balance of speed, manoeuvrability, comfort and safety for patrol missions of any type. The Seaviper 21 patrol boat is the ultimate patrol vessel for any mission. With its superior performance, reliability, and robust construction, it's the ideal choice for security, navy, military and coast guard operations.
