P249 | HURRICANE 30

Length Overall	30.00m
Beam	6.30m
Hull Draught	1.20m
Main Propulsion	3 x 1300 Bhp MJP DRB500
Max. Speed	25-32 knots
Fuel Capacity	15000 L
Crew & PAX	4 + 16 + 8
Classification	BV Crew

Introducing the Hurricane Range, the ultimate multi-purpose boat designed to meet the needs of a variety of industries. Whether you're in oil and gas, security, or need fast crew transfer, this range can handle it all. With outstanding sea-keeping abilities and excellent load capacity, you can rely on the Hurricane Range to perform even in the toughest of conditions. Designed by KND Naval Design, this range features a composite superstructure with ballistic protection in critical areas, ensuring durability and longevity. The Hurricane Range is also driven by MJP waterjet propulsion, making it ideal for shallow water operations where traditional propellers can be a liability. One of the standout features of the Hurricane Range is its ability to support longer stays at sea, allowing you to complete your mission without worrying about returning to shore for refueling or restocking. With its spacious interior and comfortable accommodations, the Hurricane Range is perfect for extended missions and operations. The Hurricane Range is truly a game-changer in the world of boats, offering unmatched versatility and reliability for a variety of industries. Whether you need to transport crew quickly and safely or need a vessel for oil and gas operations, the Hurricane Range is the perfect choice. Don't settle for anything less than the best – choose the Hurricane Range and experience the difference today.
