P624 | HURRICANE 62

Length Overall	62.80m
Beam	10.10m
Hull Draught	2.60m
Main Propulsion	1 x 5000 Bhp
	Shaft & Prop
Max. Speed	25-30 knots
Fuel Capacity	50000 L
Crew & PAX	60
Classification	BV Patrol

Introducing the Hurricane 62, the ultimate minesweeper ship designed for naval operations. With a length overall of 62 meters, this vessel is designed to provide unmatched speed and outstanding sea-keeping capabilities for minesweeping missions. The Hurricane 62 is equipped with state-of-the-art weapons and equipment to ensure the safety of its crew and effectively perform its mission. It features a range of weapons typically found on a minesweeper, including machine guns, rocket launchers, and anti-ship missiles. These weapons allow the vessel to neutralize threats posed by mines and other potential hazards, ensuring safe passage for naval operations. In addition to its weapons, the Hurricane 62 is also designed with comfort and safety in mind. The vessel features comfortable crew accommodations, including spacious living quarters, a fully equipped galley, and modern amenities. This ensures that the crew is able to operate at peak performance, even during extended missions. The Hurricane 62 is also equipped with the latest technology to enable efficient and effective minesweeping operations. The vessel's advanced navigation systems, sonar, and mine-hunting equipment enable it to detect and neutralize mines with accuracy and speed. With a range of up to 4,000 nautical miles. This enables the vessel to protect coastlines for extended periods, ensuring the safety and security of naval operations.
