Max. Speed	30-35 knots
Fuel Capacity	80000 L
Crew & PAX	12 + 12
Classification	Lloyd & LY3

The Majestic 40 Catamaran motor yacht is a luxurious vessel designed to provide an unforgettable experience on the water. With the ability to be custom designed to meet the specific requirements of each client, the yacht offers a unique and personalized touch to every journey. One of the standout features of the Majestic 40 is the multiple swimming pools located on various decks. Whether you want to take a dip in the main pool on the upper deck, enjoy a swim in the plunge pool on the aft deck, or relax in the Jacuzzi on the foredeck, there are plenty of options for water-based relaxation. The pools are also surrounded by ample sun loungers and seating areas, perfect for soaking up the sun and taking in the beautiful views. The yacht's garage is equipped with a tender boat and a range of water toys, making it easy to spend the entire day on the water. From water skis to wakeboards, jet skis to paddleboards, there's something for everyone to enjoy. One of the major advantages of the catamaran design is the increased stability and reduced motion compared to a monohull vessel. This means that guests are less likely to experience seasickness, and can enjoy a smoother, more comfortable ride. The wider beam of the catamaran also means there is more space for living areas, making it easier to create luxurious and spacious accommodations for guests.
