The Navigator 12,3 C RIB is an exceptional vessel designed for commercial operations such as survey, pilot, navy, police, and general work. The RIB design with a fender in a D Collar design creates more internal space than usual, making it perfect for accommodating equipment and personnel. The vessel is constructed with high-quality aluminum material, which guarantees durability and longevity. The cabin is also made of aluminum, providing a secure and safe working environment for the crew. Fitted with Inboard motors, the Navigator 12,3 C RIB is a highly reliable vessel that can handle a wide range of tasks with ease. The inboard motors offer excellent performance, making it ideal for commercial operations that require speed and efficiency. In summary, the Navigator 12,3 C RIB with D Collar design is a top-of-the-line vessel that offers exceptional performance, durability, and reliability. It is the perfect vessel for commercial operations that require a high level of performance and functionality.
