Introducing the SCORPIO range of patrol security boats - the latest technology in maritime security that is designed to exceed all your expectations. At KND we are proud to say that our boats are equipped with the latest advancements in stealth technology, ensuring that you can complete your missions with the utmost discretion. Our boats are also highly versatile and can fulfill multiple roles, making them a valuable asset for any maritime security operation. Whether you need to conduct surveillance, conduct interdictions, or patrol your maritime borders, the SCORPIO range has got you covered. Moreover, the SCORPIO range of boats come with a variety of weapons that can be mounted to help you achieve your mission goals. These weapons include machine guns, grenade launchers, and even anti-aircraft weapons - all of which are customizable to meet your specific needs. Finally, our boats are designed to fit small boarding boats, allowing you to transport your crew and equipment with ease. With the SCORPIO range of patrol security boats, you can be assured of the highest level of safety and security for your maritime operations. Contact us today to learn more about how our boats can enhance your maritime security efforts.
