The Shadowhawk 10 is the ultimate fast interceptor boat designed for professionals by KND Naval Design. With speeds exceeding 60 knots, this special operation boat is faster than any other vessel in its class. The triple installation of 400 Hp Outboard engines ensures that the Shadowhawk 10 can outrun any threat on the water. One of the most impressive features of the Shadowhawk 10 is its patented Ballistic protected shields. These shields offer unparalleled protection to the occupants of the boat in the event of being shot at. This makes the Shadowhawk 10 ideal for use in high-risk operations where safety is of utmost importance. The Shadowhawk 10 is capable of operating in all types of waterways and sea conditions. The KND designed shock mitigation seats provide a comfortable ride, even in choppy waters. This ensures that the occupants of the boat can remain focused on their mission, without being distracted by discomfort or fatigue.

"Swift. Strong. Secure. The Shadowhawk 10 is the ultimate interceptor boat, designed for professionals who demand the best."
