Introducing the Shadowhawk 18, the ultimate fast interception vessel designed by KND Naval design with one purpose in mind: speed. This top-of-the-line vessel is built to reach speeds of up to 65 knots, making it the perfect choice for missions where speed is crucial. The Shadowhawk 18 is designed for a variety of mission operations, including maritime law enforcement, search and rescue, and military operations. With its impressive speed and agility, this vessel can quickly respond to any situation, ensuring that your team can reach their destination quickly and safely. Featuring shock mitigation seats, the Shadowhawk 18 provides a smooth and comfortable ride even in rough waters. The ergonomic design of the seats reduces the impact of shock and vibration, making it easier for your team to remain focused and alert during extended missions. Equipped with two weapons on the aft deck, the Shadowhawk 18 offers a formidable defense against potential threats. The weapons are easily accessible and provide a clear line of sight, allowing your team to quickly respond to any situation. The Shadowhawk 18 is built with the highest-quality materials and craftsmanship, ensuring that it is both durable and reliable. With its sleek design and impressive performance, this vessel is sure to impress even the most discerning of customers. Whether you're looking for a high-speed interceptor for law enforcement or military operations, the Shadowhawk 18 is the perfect choice. With its speed, agility, and impressive capabilities, this vessel is sure to exceed your expectations and provide a reliable solution for your mission needs.
