P607 | SNAPPER 12

Length Overall	11.30m
Beam	3.80m
Hull Draught	1.10m
Main Propulsion	1 x 200 Bhp
Ref. Hold	13.5m ³
Max. Speed	12-14 knots
Fuel Capacity	1500 L
Crew & PAX	4-5
Classification	Fishing

Introducing the Snapper 12 - a versatile fishing boat perfect for smaller-scale fishing operations! With a length of 12 meters, this vessel is built to handle a variety of fishing conditions while providing maximum comfort and efficiency for the crew. One of the standout features of the Snapper 12 is its fishhold, which has a size of 13.5m³, providing ample space to store a good amount of catch. This ensures that the fish are kept fresh throughout the fishing trip, maintaining their quality and value. The Snapper 12 has a typical crew capacity of 4 to 5, including a captain and a couple of deckhands, ensuring that all necessary tasks can be performed efficiently and safely. The vessel is also equipped with basic safety equipment, including life jackets and communication devices. With a fuel tank capacity of 1500 liters, the Snapper 12 can travel at a comfortable cruising speed for up to 8 hours, making it ideal for shorter fishing trips. The vessel is typically powered by a single diesel engine, typically ranging from up to 200 horsepower, ensuring that it can navigate through calm to moderate waters and handle moderate loads. In terms of equipment, the Snapper 12 is equipped with basic fishing gear, including fishing rods, reels, and bait. It also has a small processing area, where the fish can be cleaned and packed before being stored in the fishhold. The vessel is also fitted with navigation systems and communication equipment to ensure safe navigation.
