Introducing the Snapper 40, a sturdy and reliable fishing trawler designed for R1 category waters. With a length overall of 41 meters, this vessel is built to withstand the toughest of conditions, making it an ideal choice for professional fishermen and commercial fishing operations. Equipped with a spacious refrigeration hold of 300m³, the Snapper 40 is capable of preserving your catch in optimal condition throughout long trips at sea. With a 30-day range, this vessel allows you to stay out longer and explore further than ever before, giving you the freedom to seek out the best fishing spots and maximize your catch. The Snapper 40 comes equipped with all the necessary equipment to ensure a successful fishing trip. A reliable and efficient propulsion system ensures that you can reach your destination quickly and safely. Onboard electronics, such as GPS and sonar, help you navigate and locate the best fishing spots. The trawling equipment includes nets, winches, and other accessories necessary for a successful catch. In addition to fishing equipment, the Snapper 40 also comes equipped with safety equipment, including life rafts, life jackets, and emergency beacons. With these items, you can rest assured that you and your crew will be well-protected in case of an emergency.

The interior of the Snapper 40 is designed for comfort and convenience during long fishing trips. The living quarters feature a fully-equipped galley, sleeping quarters, and bathroom facilities, ensuring that you and your crew can rest and recharge in between fishing expeditions.
