## P715 | SNAPPER 51

Length Overall	51.00m
Beam	11.50m
Hull Draught	3.20m
Main Propulsion	1 x 3000 Bhp
Ref. Hold	350m <sup>3</sup>
Max. Speed	17 knots
Fuel Capacity	100000 L
Crew & PAX	20
Classification	R1 Fishing

Introducing the Snapper 51 - the ultimate fishing trawler for commercial fishing trips! With a length of 51 meters, this vessel is built to withstand the toughest conditions while providing maximum comfort and safety for the crew. One of the standout features of the Snapper 51 is its refrigeration hold, which has a typical size of 350m<sup>3</sup>, providing ample space to store a large amount of catch. This ensures that the fish are kept fresh throughout the long fishing trips, maintaining their quality and value. The Snapper 51 has a crew capacity of 20, including a captain, first mate, engineers, and deckhands, ensuring that all necessary tasks can be performed efficiently and safely. The vessel is also equipped with the latest safety equipment, including life rafts, life jackets, and emergency communication systems. With a fuel capacity of 100,000 liters, the Snapper 51 can stay out at sea for up to 30 days, making it ideal for long commercial fishing trips. The vessel is powered by a single diesel engine, 3,000 horsepower, ensuring that it can navigate through rough waters and handle heavy loads. In terms of equipment, the Snapper 51 is equipped with the latest fishing gear, including trawl nets, winches, and hydraulic systems. It also has a processing deck, where the fish can be gutted, cleaned, and packed before being stored in the refrigeration hold. The vessel is also fitted with navigation systems, communication equipment, and a radar to ensure safe navigation even in adverse weather conditions.
